"PREPARATION TIME BEGINS NOW" (issf 8.6.4.1.1.2-3)

- Start stopwatch/timer
- Wait 5 minutes , then call out series and gives command:
"FOR THE 10 sec SIGHTING SERIES. LOAD." (issf 8.6.4.10.1)
- After 1 minute, give command:
"ATTENTION" (8.6.4.10.3)
- Switch on red light or turn targets to edge-on, i.e. start timer
- At end of series, check for malfunctions then give command:
"UNLOAD"
- Make the range safe
- Allow target personnel forward to score and/or repair
- After target crew has finished and returned or signaled that they are in protected area, call out series and give command:
"10 (8 or 6) SECOND SERIES. LOAD" (cism 5.4.2.2 / issf 8.6.4.10.2)
- After 1 minute, give command:
"ATTENTION"
- Switch on red light or turn targets to edge-on, i.e. start timer
- At end of series, check for malfunctions then give command:
"UNLOAD"
- Make the range safe
- Allow target personnel forward to score and or repair
- After last series, Range Officers check pistols before they are removed from line and cased. Remind shooters to sign score sheet or printer strip.
- After range is made safe, allow target crew to go out and score, and/or replace targets.
